

TO WHOM IT MAY CONCERNS

Hereby we confirm that Ivo van Hoeve has worked with our organisation as a financial consultant from June 2016 till August 2016.

In his role Ivo was responsible for the financial administration for SPVs engaging in securitisations, structured financing and asset acquisitions, disposals and restructuring. This included the timely delivery of the annual accounts and the preparation of audit files for the accounts that were subject to an audit and the quarterly VAT returns and annual CIT returns.

Ivo definitely demonstrated his knowledge on how to administer these specific type of entities. He is very persistent, if necessary, in order to retrieve data from other service providers and was able to communicate well with the auditors.

He was willing to share his knowledge with other people and acted as a coach for them.

We would recommend Ivo for accounting and control assignments.

Structured Finance Management (Netherlands) B.V.
